

Acknowledgement Form for Parent/Student Handbook; Code of Student Conduct, Board Policy Manual and Web- based Tools and Applications

Annually, the District is required to inform families of where they can find important school resources on our district website. This includes our Parent/Student Handbooks, Code of Student Conduct, Board Policy Manual, and Web-based Tools, Applications and Student Information.

At the beginning of each new school year, we ask our families to review and acknowledge their awareness of these important resources.

For each household: please complete and submit one (1) form. Please list all of the students and their student IDs for your household.
