

WSD Intra District Field Trip Form

WISSAHICKON SCHOOL DISTRICT – Revised 8/2017 - Page 1 of 1

Dear Parent/Guardians:

Every year students may participate in student trips that occur within the boundaries of the Wissahickon School District and require district transportation. These trips are for educational programs and experiences that are offered at one of our district's schools or another community location. Prior to each event, parents will receive information about the trip and any special requirements needed for the day, such as a packed lunch. In order for us to plan for these trips, we are asking that parents review the list of trips listed below and indicate your willingness to have your child participate. These trips are directly related to the school program and are, therefore, very valuable for your child. Students not participating in these trips with their class will be provided alternative, meaningful work to do at school.
